SKILLS SUMMARY

- **Languages:** C, C++, SQL
- **Frameworks:** HTML and CSS
- **Tools/Platforms:** MySQL, Cisco Packet Tracer
- **Soft Skills:** Leadership, Team Player, Problem-Solving Skills

TRAINING

- **Mahila Swayam Sahayata Samoohe** July 2024
Volunteer
 - Worked on waste management initiatives as part of the community project.
 - Educated community members about proper waste disposal and recycling practices.
 - Assisted in organizing clean-up drives to improve local areas and raise environmental awareness.
 - Engaged with the community to promote sustainable waste management solutions and encourage participation.

PROJECTS

Air Pollution Statistical Website: Oct 2023-Dec 2023

- Constructed a website that gives details about air pollution on different webpages. There are different webpages containing data regarding:
What is Air Pollution, what are sources that lead to air pollution, Air pollution statistics of different countries, Strategies to control air pollution
- The website gives a choice to the user to select a country for which the user wants the statistical data to be displayed

Gym Website: November,2024

- Designed and developed a responsive website for Gym to showcase its facilities, services, and membership plans, booking products.
- Implemented an interactive layout for browsing gym facilities, including class schedules, trainers, and equipment highlights.
- Developed a membership section allowing users to explore membership tiers and signup online.

Technologies used: HTML, CSS, JavaScript
